

Manitoba Legislative Building Microfine Grout Injection

STRUCTURE: Manitoba Legislative Building
LOCATION: Winnipeg, MB
PROJECT DATE: May 2001 – July 2001
CONTRACT: \$330,000
PRODUCTS USED: Microfine Grout
JOB DURATION: 3 Months
CLIENT: City of Winnipeg
CONTRACTOR: Vector Construction Ltd.

PROJECT DESCRIPTION:

Alpha Masonry was contracted to resurface many areas of the Manitoba Legislative Buildings. Microfine and Architectural injection of the stone block on many levels including various statues was required. The purpose of this injection was to fill the many voids between and behind the stone blocks. Vector was hired to complete this injection work. Upon completion, over 15,000 liters of grout was used to inject the stone blocks, walls and statues.
