

Vector Construction Ltd. is Northwestern Ontario's premiere full service masonry contractor, our highly skilled masonry team offers new or restorative services in the masonry field for our industrial, commercial and institutional clients.

Our extensive experience in masonry services, has allowed Vector to develop a unique array of trade and professional skills that can assemble the most comprehensive integrated project teams for both masonry construction and restoration. We have developed a reputation for attention to detail, accurate estimating, and finishing on time and on budget.

Vector Construction is a full service masonry contractor. Here are some of the many products we install:

- Structural Concrete Masonry Units (CMU)
- Integrally Coloured Concrete Masonry Units
- Brick Veneer
- Dimensional Stone Cladding
- Interior and Exterior Architectural Accents
- Glass Block Panels
- Masonry Restoration

We have worked with some of the top construction companies and architects to create distinctive structures as well as restore existing community landmarks. These projects have allowed our masonry team to demonstrate quality craftsmanship that our clients have come to trust.

Vector has a long-standing reputation for superior safety standards and environmental stewardship. Our safety policies and practices are focused on the safety of our employees and our customer's employees. We employ several strategies to continually reinforce the safety culture within our organization to ensure all projects are completed in a safe manner.

Vector Construction prides itself in delivering a superior product to meet the needs of our clients. The utilization of the most advanced technological solutions plus providing expert consultation will ensure our top priority of construction quality and client satisfaction.
